

AD-HOC & SPONSORED WEBINAR/ HYBRID EVENT

EuroCham esteems itself in offering a variety of high-level events. A distinction is to be made between 'ad-hoc events' and 'sponsored events'. These are typically strongly driven by content and networking opportunities.

Ad-hoc Event

Refers to an event often induced by the visits of EU delegates, European leaders or other VIPs to Singapore and can be organised at short notice. Such events generally features topics related to new or upcoming regulations, topics on the agenda of trade and investments deliberations or hot topics and trends in specific industries.

Sponsored Event

Refers to an opportunity for businesses to put itself in the spotlight of our members and community. As EuroCham comprises mostly corporate members, a sponsored event is the perfect platform for a business to build their brand and generate new leads, while bringing valuable content and information.
